Bulls developed at:

Sight Unseen Purchase Guarantee:

Buyers unable to attend the sale may call the Sale Managers or buyer representatives. We guarantee complete satisfaction for all cattle purchased in this manner.

Delivery Information:

Trucking arrangements can be made through the sale manager or sellers to coordinate loads for the least possible cost. We will offer the first 500 miles trucking on every registered Red Angus animal in this auction at the following rates:

1-2 head @ \$0.50/mile/head
3-4 head @ \$0.35/mile/head
5-9 head @ \$0.25/mile/head
10+ head @ \$0.20/mile/head

All animals will be handled at the buyer's risk. We highly recommend insuring your purchases. If you are not hauling your cattle, we will collect these trucking fees at time of cattle check-out. If you are bringing a trailer and want to haul for others, we will gladly line you up with trucking in your direction at the above fee structures.

Fertility Testing:

Every bull has been fertility tested and passed a breeding soundness exam prior to sale day.

Health Certificates:

Interstate health papers will be furnished on each animal sold.

Insurance: Will be available sale day through American Livestock Ins.

Sale Catalog available online at www.redgenetics.com under the South Central Genetics tab. Ultrasound and test data will also be posted as soon as available.

Watch & bid online for **FREE** at

DVAuction

Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab and watch our online bidding tutorial!
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? Call Tami at (308) 870-3661 or email tami@dvauction.com
Our full-time support team can also always be reached at (402) 474-5557.

Welcome to the second annual South Central Red Genetics sale!

What a year it has been! We have seen extreme flooding to the worst drought ever in the southern plains. This has forced many ranches to liquidate their herds leaving the US with the lowest cattle inventory in history. In turn this has also caused cattle prices to increase to new record levels in 2011 and they are expected to push higher in 2012. With that selecting the right bull for your cow herd could be one of the most important decisions in keeping your operation profitable. Performance tested bulls have proven records to back up their quality and performance.

That is why we have once again tested the bulls at North Central Texas College in Gainesville, TX. NCTC handles all the performance information including ADG, WDA, fertility testing, scrotal size, frame size, and ultrasound scan data. This allows you to see the individual performance of a potential herd sire while he is measured against bulls of similar age in the same feeding environment.

As we sorted through the bulls in early January we were surprised to see how consistent these bulls were from top to bottom. These bulls have come from extremely different environments stretching from the Gulf Coast of southern Texas to southern Iowa! We also tested a handful of Red Angus x Simmental bulls this year which we feel is a nice addition to our offering.

The spring bulls were ultrasound scanned after catalog printing so all of their test data will be available on our website at www.redgenetics.com to view before the sale. We have also assembled an outstanding set of females this year, offering everything from donor cow prospects to top end replacement females and a select group Red Angus x Simmental cross females.

We invite you to come and evaluate all the cattle for yourself at the Red River Livestock Market in Ardmore, (Overbrook) Oklahoma February 25th. The cattle will be available for viewing all day Friday the 24th with a pre-sale social from 5-6pm. If you are unable to attend the sale you can watch and bid online at www.dvauction.com. If we can assist you in any way please feel free to call us, Jerry Henderson or any of the other buyer representatives.

Thank You,

Alex & Stacy Richards

- Goodnight is a true curve bender with actual performance going from a 64# BW to weaning off at 632lbs with only mothers milk.
- Truly a balanced made animal with lots of muscle, big top, and a front end good enough to sire top show animals.
- If you're looking for a great calving ease sire for your heifers, a great performance sire for your cows, this is the bull!
- "Without a doubt the best bull we have raised in the last 12 years of breeding Red Angus"— Cody McCollum
- Selling full possession and 50% semen interest. Retaining 50% semen interest.

- This is a very well designed bull. With a nice straight top and well made up through his neck and shoulders.
- He come with an especially balanced set of EPD's and is the only King Rob son in the entire sale!
- His dam is also the famous Lonk Mattie M2104 a BJR JR 107 daughter.

- 1161 is another consistent Pie Atlantic 4130 son. He is one of the oldest bulls in the spring group.
- This bull has a unique pedigree going back to some of the old time Red Angus genetics that built the breed, and check out his whopping 17.4 in. Ribeye scan!!
- These bulls will be well acclimated to the climates of the Gulf Coast region.

- If you're here to buy a bull, this is your last chance! Take this opportunity to own some great genetics.
- X15 will add some extra pounds at weaning time.
- He also has some added age to be able to cover more cows.

Only in a sale of this caliber would you have the opportunity to purchase a female right out of the potential donor pen of keeper heifers. A direct daughter of Chateau 744 out of the famed Queen Jewel cow herself! Maternal grand dam is the famous James 904. Study her pedigree, study her numbers if she is not what you're looking for in a donor I don't know what is. Broody yet feminine. We think enough of her we will retain 1/2 embryo interest. Buyer has the opportunity to double down and own her in her entirety. Help yourself to bring your program to the top. - CM

I still have mixed emotions about selling this heifer. Sired by the \$50,000 half interest indeed son Win-Chester from the six mile program in Canada out of one of our top donors from Oates program. The N390 cow that is sired by chateau 744 has never missed, being the dam to several champions as well as several of our top bulls that has went to purebred breeders and commercial cowmen alike. If you want a serious top end female that has all of the makings for a great donor here she is. Show her, breed her, flush her. She is the kind of female that will give you a huge return on your investment. Again, we are sending the very best to town. Jerry and Stacy wanted the good ones and we are not holding back! This is the cream of the crop! We will retain 1/2 embryo interest in this wonderful female. Buyer has the opportunity to double down and own her in her entirety. - CM

If you are looking for a docile heifer...here she is! While we were taking pictures this heifer was literally eating out of my back pocket! She packs quite a little bit of performance as well ranking in the top 10% for WW, 7% for YW and top 5% for Carcass weight.

Scenes from 2011 South Central Red Genetics Sale

Terms and Conditions:

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between the seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any changes from information of any kind in the sale catalog or related materials will be announced from the auction block and such announcements shall take precedence.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, expressed or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and seller. This catalog has been prepared by the sale manager from pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in the catalog. Any exceptions taken are between the buyer and seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale and resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager and will be treated in strict confidence. Sale day telephone numbers may be found in the front of this catalog. Please call in ample time to avoid a delay in the start time of the auction
